

Section 1. Product and Company Identification.

1.1 Model Number; SA789 v2
1.2 Description; Air Staple Gun 13-32mm Capacity
Mineral Oil

1.3 Manufacturer;
Sealey Group.
Kempson Way,
Bury St. Edmunds,
Suffolk.
IP32 7AR

1.4 Emergency telephone number; 44 (0) 1284 757 500 (Office Hours)

Date of source compilation; 25th September 2018

Section 2. Hazards Identification.

2.1 Classification of the substance or mixture.
Preparation

2.2 Label elements.
Hazard pictogram(s)

Signal Word. Danger

Hazard statements;
H304 : May be fatal if swallowed and enters airways

Precautionary statements;
P301+310+331: IF SWALLOWED: Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician
P405: Store locked up
P501: Dispose of contents and container in accordance with local/regional/national/international regulation

2.3 Other hazards.
No data available

Section 3. Substances.

3.1 Chemical Name (substance)	3.1 CAS No.	3.2 Concentration Volume	Classification	
			Hazard Class & Category Code	Hazard Statements ¹
White Mineral Oil (Petroleum)	8042-47-5	≤100 %	-	-

¹For full text of Statements, see Section 16.

Section 4. First Aid Measures.

4.1 Description of first aid measures

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing.

Skin Contact

Remove and wash contaminated clothing and shoes.

Wash exposed portions of the skin with soap and water.

Eye Contact

Flush eyes with large amounts of water for several minutes while holding eyelids open.

Seek medical attention.

Ingestion

Do NOT induce vomiting.

Wash out mouth with water and then drink plenty of water.

Seek medical attention.

4.2. Most important symptoms and effects, both acute and delayed

In the case of ingestion with subsequent vomiting, aspiration of the lungs can occur which can lead to chemical pneumonia or asphyxiation.

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically and supportively.

Section 5. Fire Fighting Measures.

5.1. Extinguishing media

Alcohol-resistant foam, dry powder or carbon dioxide.

Use water spray to cool down unopened container involved in fire.

5.2. Special hazards arising from the substance or mixture

Gives off irritating fumes and combustion product in fire

5.3. Advice for fire-fighters

Evacuate personnel to safe areas.

Wear self-contained breathing apparatus and suitable protective equipment

Section 6. Accidental Release Measures.

6.1. Personal precautions, protective equipment and emergency procedures

Evacuate and ventilate area.

Avoid contact with skin and eyes.

Do not breathe vapours or aerosol.

Use Personal Protective Equipment, see Section 8.

6.2. Environmental precautions

Prevent further leakage or spillage, if safe to do so.

Do not let product enter drains.

Discharge into the environment must be avoided.

6.3. Methods and material for containment and cleaning up

Isolation leakage contaminated areas, restrict, access.

Small leak: use inertia material to absorb spill with a clean tool and put into a suitable container.

Large lead: Embank and contain spillage to prevent leakage into the water and sewage.

6.4. Reference to other sections

See Section 7 for information on Safe Handling

See Section 8 for information of Personal Protective Equipment.

See Section 13 for information on disposal.

Section 7. Handling and Storage.

7.1. Precautions for safe handling

Use in well-ventilated area.

Use appropriate, approved safety equipment.

Avoid contact with skin and eyes. Avoid breathing vapour or mist.

Keep container tightly closed when not in use.

Do not eat, drink or smoke at the workplace.

Wash thoroughly after handling.

Remove contaminated clothing and wash before reuse.

Keep away from heat/sparks/open flames/hot surfaces.

Protect against electrostatic charges.

7.2. Conditions for safe storage, including any incompatibilities

Store in a cool place.

Keep container tightly closed in a dry and well-ventilated place.

Keep away from fire and heat.

Store away from foodstuffs and strong oxides.

7.3. Specific end use(s)

Intended for use as oil for the Model Number identified in 1.1 with Description stated in 1.2.

Section 8. Exposure Controls/Personal Protection.

8.1. Control parameters

No data available

8.2. Exposure controls

Appropriate Engineering Controls

General industrial hygiene practice.

Provide appropriate exhaust ventilation.

Provide safe shower and eye wash fountain

Eye/Face Protection

Use face shield and safety glasses.

Use eye PPE, tested to EN 166

Skin Protection

Complete suit protecting against chemicals.

Handle with chemical-resistant gloves.

Immediately remove all soiled and contaminated clothing.

Wash hands before breaks and at end of work.

Respiratory Protection

Not required under normal conditions.

Where necessary, use air-purifying respirators with multi-purpose combination or type ABEK respirator cartridges.

Section 9. Physical and Chemical Properties.

9.1. Information on basic physical and chemical properties

The following information is not a technical specification or sales specification.

(a) Appearance:	Transparent oily liquid
(b) Odour:	Odourless
(c) Odour threshold;	No data available
(d) pH:	No data available
(e) Melting point/freezing point;	No data available
(f) Initial boiling point and boiling range;	No data available
(g) Flash point;	168°C
(h) Evaporation rate;	No data available
(i) Flammability (solid, gas);	Not flammable
(j) Upper/lower flammability or explosive limits;	No data available
(k) Vapour pressure;	No data available
(l) Vapour density;	No data available
(m) Relative density;	0.8447 kg/L
(n) Solubility(ies);	Insoluble in water
(o) Partition coefficient: n-octanol/water;	No data available
(p) Auto-ignition temperature;	No data available
(q) Decomposition temperature;	No data available
(r) Viscosity;	11.6mm ² / s-40°C
(s) Explosive properties;	No data available
(t) Oxidising properties.	No data available

9.2 Other information

No data available

Section 10. Stability and Reactivity.

10.1. Reactivity	No data available
10.2. Chemical stability	Stable under normal storage temperature and pressure
10.3. Possibility of hazardous reactions	Non-hazardous reactions known under normal conditions
10.4. Conditions to avoid	Extreme of temperature and flames
10.5. Incompatible materials	Strong oxidisers
10.6. Hazardous decomposition products	No data available

Section 11. Toxicological Information.

11.1. Information on toxicological effects

Symptoms / routes of exposure

Skin contact:

No significant effect or harm under normal conditions.

Prolonged or repeated skin contact and with inappropriate cleaning may cause skin irritation or dermatitis.

Eye contact:

May cause slight eyes irritation

Ingestion:

Cannot be ingested under normal conditions.

If swallowed, it may cause severe lung injury

Inhalation:

No significant effect or harm under normal condition.

Long-term inhalation of oil mist or vapours in high temperature may cause respiratory irritation

Section 12. Ecological Information.

12.1. Toxicity	No data available
12.2. Persistence and degradability	No data available
12.3. Bioaccumulative potential	No data available
12.4. Mobility in soil	No data available
12.5. Results of PBT and vPvB assessment	This substance contains no components considered to be either persistent, Bioaccumulative and toxic
12.6. Other adverse effects	Do not allow materials to release to drains or water body

Section 13. Disposal Considerations.

13.1. Waste treatment methods

Product

Recycle if possible.

Offer surplus and non-recyclable product to a licensed disposal company.

Observe according to the national and local related regulations.

Contaminated packaging.

Containers may still present chemical hazards when empty.

Return to supplier for recycling if possible or disposal according to local related regulations.

Section 14. Transrt Information.

Product identified in 1.1 with description stated in 1.2 is not classified as hazardous for transport.

Section 15. Regulatory Information.

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EU Regulations

Directive : 2012/18/EU

Named dangerous substances ANNEX I – None of the ingredients are listed

SVHC Candidate List of REACH Regulation Annex XIV Authorisation - None of the ingredients are listed

REACH Regulation Annex XVII Restriction - None of the ingredients are listed

REACH Regulation Annex XIV Authorisation List - None of the ingredients are listed

US Regulation

OSHA

OSHA Hazard Communication standard Status: this product is considered to be a hazardous substance under OSHA#s Federal Hazard Communication standard 29 CFR 1910.1200

USA CERCLA

CERCLA Reportable Quantity : This product has not been assigned a reportable quantity

USA SARA

SARA 302 Components

No chemicals in this material are subject to this reporting requirement

SARA 313 Components

This material does not contain any chemical components with known CAS number that exceed the threshold reporting levels established

California Prop 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects or any other reproductive harm

15.2. Chemical safety assessment

No data available

Section 16. Additional Information.

Full text of Phrases and Statements used in Section 3;

The above information is believed to be accurate and represents the best information currently available.

No warranty is expressed or implied by the above information.

We assume no liability resulting from use of the above information.

The end user should conduct their own investigations to determine the suitability of the above information for their particular purpose.

Issue level	Date	Revisions
1	11/11/2021	First issue.

End of Safety Data Sheet.
