

## Non-Ferrous Sawblades

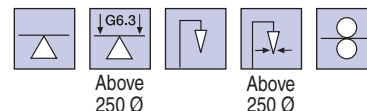

- Suitable for trimming with a medium/fine finish on aluminium and plastic profiles.
- Triple chip, negative hook.
- Material must be firmly clamped on both sides of cut and sawblade should be lubricated during use.
- For use on mitre, double cross-cutting and sizing machines.
- Other bore sizes available, see page 17.

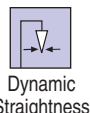

**Plastic & Aluminium**  
**Triple Chip Teeth**  
**Medium/Fine Finish**
