

Back Fence Adjustment

The back fence has an integral micro-adjuster which controls the position of the complete back fence.

Dusthood

The hood has a 120mm port for dust extraction. Also a secondary 80mm outlet at the rear of the machine provides extraction from beneath the spindle.

Free Cutter Block

114mm diameter multi profile cutter block complete in sturdy wooden storage box. Suitable for use with our complete range of 40mm and 50mm profile knives and limiter plates (see pages 76 to 84).

Optional Extras

Power Feed

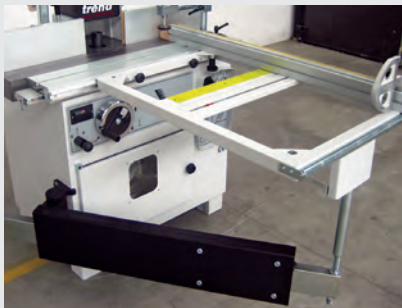

An essential piece of equipment on any spindle moulder. It provides a good finish on the material due to a constant feed speed and is the safest way to profile on a spindle moulder. The power feed comes complete with 3 rollers and 4 different speeds. It connects directly to a 3 phase socket at the rear of the machine. Horizontal arm measures 1050mm.

Safety Fence

The optional alloy safety fence has individually adjustable sliding fingers that can be locked in position around the cutter heads. It provides good support to the workpiece when profiling and prevents it from 'dropping in'.

Table Extension

The optional table extension enables larger sections to be machined easily.

Tenoning Hood

The optional tenoning hood is suitable for use with larger diameter tools (up to 300mm diameter).

Tenoning Table

The 20mm thick tenoning table fits easily into the slot on the sliding table. Used in conjunction with the tenoning clamp and fence; suitable for getting smaller workpieces closer to the cutter heads.

Description	Product Ref.	Price
TSM50 Spindle Moulder 30mm shaft (CE) 5.5HP (4.0KW) 3 Phase	TSM50/55/30	£4,499.00
TSM50 Spindle Moulder 1 1/4" shaft (CE) 5.5HP (4.0KW) 3 Phase	TSM50/55/114	£4,499.00
TSM50 Spindle Moulder 30mm shaft (CE) 3.0HP (2.2KW) 1 Phase	TSM50/3/30	£4,499.00
TSM50 Spindle Moulder 1 1/4" shaft (CE) 3.0HP (2.2KW) 1 Phase	TSM50/3/114	£4,499.00

Optional Equipment		
Power Feed	TPF100	£699.00
Alloy Safety Fence	TSM50/ASF	£409.00
Manually Operated Tilting Spindle (-5°, +45°)	TSM50/MTS	£619.00
20mm thick Tenoning Table	TSM50/TT	£179.00
Tenoning Hood	TSM50/TH	£239.00
Front Table Extension	TSM50/FTE	£589.00
