AIRSHIELD

A black and silver respirator with a clear face shield. The top has a black headband with the 'trend AIRSHIELD' logo. The front is a clear plastic shield with a silver frame.

TREND AIRSHIELD

www.envirosafetyproducts.com

Testers found the Airshield comfortable because of its padded headband. And even though the fan, motor, filter, and battery are perched on your brow, its weight is reasonably well balanced.

TREND AIRSHIELD PRO

www.envirosafetyproducts.com

A black and silver respirator with a clear face shield. The top has a black headband with the 'AIRSHIELD PRO' logo in red. The front is a clear plastic shield with a silver frame.

The filter, fan, motor, and battery are located on the top of this respirator, so its weight is very well balanced.

The optional earmuffs work well once you get everything adjusted. It provides the best filtration of all the powered respirators tested.
