## TREND ROUTING JIG

Trend's new Combi 600 routing jig is for use with kitchen and bathroom worktops. Made of a 10mm hard-wearing resin laminate, and profiled for mason's mitre and connecting bolt recess, the jig is designed for worktop widths of 225 to 616mm, is light and compact and features a 'correct slot edge' indicator. It comes with three alloy location bushes.

**Price: £58.75 inc VAT**
