## 1. SAFETY

### 1.1. Electrical Safety

- WARNING!** It is the user's responsibility to check the following:
  - 1.1.1. Check all electrical equipment and appliances to ensure that they are safe before using. Inspect power supply leads, plugs and all electrical connections for wear and damage. Sealey recommend that an RCD (Residual Current Device) is used with all electrical products. You may obtain an RCD by contacting your local Sealey dealer. If the heater is used in the course of business duties, it must be maintained in a safe condition and routinely PAT (Portable Appliance Test) tested. Electrical safety information, it is important that the following information is read and understood.
  - 1.1.2. Ensure that the insulation on all cables and on the appliance is safe before connecting it to the power supply. regularly inspect power supply cables and plugs for wear or damage and check all connections to ensure that they are secure.
  - 1.1.3. Ensure that the voltage rating on the appliance suits the power supply to be used.
    - \* **DO NOT** pull or carry the appliance by the power cable.
    - \* **DO NOT** pull the plug from the socket by the cable.
    - \* **DO NOT** use worn or damaged cables, plugs or connectors. Ensure that any faulty item is repaired or replaced immediately by a qualified electrician.
  - 1.1.4. This product is fitted with a BS1363/A 13 Amp 3 pin plug.
    - If the cable or plug is damaged during use, switch the electricity supply and remove from use. Replace a damaged plug with a BS1363/A 13 Amp 3 pin plug If in doubt contact a qualified electrician.
    - a) Connect the GREEN/YELLOW earth wire to the earth terminal 'E'.
    - b) Connect the BROWN live wire to the live terminal 'L'.
    - c) Connect the BLUE neutral wire to the neutral terminal 'N'.
  - 1.1.5. Ensure that the cable outer sheath extends inside the cable restraint and that the restraint is tight. Sealey recommend that repairs are carried out by a qualified electrician.

### 1.2. General Safety.

- WARNING!** Disconnect the heater from the mains power supply before carrying out any servicing or maintenance.
- ✓ Maintain the heater in good order and clean condition for best and safest performance. Replace or repair damaged parts.
- ✓ Locate heater in a suitable work area and keep area clean, tidy and free from unrelated materials. Ensure there is adequate lighting and keep the immediate area in front of the outlet grille clear.
- ✓ Allow the unit to cool before storage. When not in use, disconnect from the mains power supply and store in a safe, cool, dry, childproof area.
- ✓ Only use the heater standing in the upright position on a level surface.
- WARNING!** This heater is not equipped with a device to control the room temperature.
- \* **DO NOT COVER**
- \* **DO NOT** use this heater in small rooms when they are occupied by persons not capable of leaving the room on their own, unless constant supervision is provided.
- \* **DO NOT** allow children to touch or to operate the heater.
- \* **DO NOT** use the heater where there are flammable liquids, solids or gases such as petrol, solvents, aerosols etc, or where heat sensitive materials may be stored.
- \* **DO NOT** place the heater near items that may be damaged by heat, allow at least 2mtr clearance in front of the heater.
- \* **DO NOT** allow the heater to get wet as this may cause an electric shock, causing damage to the heater and possible personal injury.
- \* **DO NOT** let power lead hang over an edge (i.e. table), or touch a hot surface, lie in the beam of heat, or run under a carpet.
- \* **DO NOT** use in bathroom, shower room, or in any wet or damp environments or where there is high condensation.
- \* **DO NOT** operate the heater when you are tired or under the influence of alcohol, drugs or intoxicating medication.
- \* **DO NOT** insert or allow objects to enter any openings of heater as this may cause an electric shock, fire or damage to heater.
- \* **DO NOT** use heater if the power cord, plug or the heater is damaged, or if the heater has become wet.
- \* **DO NOT** use the heater for any purpose other than for which it is designed.
- \* **DO NOT** use a timer or other remote device to operate the heater.
- \* **DO NOT** touch the quartz lamps, even when cold.

- \* **DO NOT** use the heater without the wheels fitted.
- \* **DO NOT** site the heater below an electrical socket outlet.
- \* **DO NOT** use the heater without the grille fitted.
- \* **DO NOT** use the heater out of doors. These heaters are designed for indoor use only. **DO NOT** cover heater when in use, and do not obstruct the air inlet and outlet grilles.
- \* **DO NOT** place heater too close to yourself or any object, allow the air to circulate freely.
- \* **DO NOT** touch the outlet grille of the heater during and immediately after use as it will be hot.

## 2. INTRODUCTION

Lightweight powder coated metal construction, fitted with four quartz infrared elements. Features two heat settings and room thermostat, both controlled by a dial on the side. Housing incorporates two side handles and four castor wheels for manoeuvrability. Suitable for a wide range of heating applications.

## 3. SPECIFICATION

Model No:.....**IRH2200W**  
 Max Power:.....2200 Watt  
 Min Power:.....1100 Watt  
 Supply:.....220-240V-13A-50Hz  
 Size WxDxH:.....490x145x565mm

## 4. ASSEMBLY

- 4.1. Push the castors onto the brackets, fix the brackets to the base of the heater using the nuts provided.
- 4.2. Ensure **ALL** the packaging from around the elements is removed with care.
  - WARNING!** Never touch lamp glass directly with fingers, only touch the ceramic ends or use a soft cloth, otherwise elements could be damaged.

## 5. HEATER OPERATION

- 5.1. Place the heater on a level floor in the area you require to heat. Allow a minimum of 2mtr between the heater and adjacent objects. **DO NOT** place on soft or easily damaged surfaces.
- 5.2. Plug the heater into the mains supply and select the required output by using the rotary power level switch. Power level 'I' will operate two elements continuously. Power level 'II' allows the other two elements to be controlled by the thermostat.
- 5.3. Switch off and unplug from the mains allowing the unit to cool before handling or storage.
  - WARNING! DO NOT** cover.
  - WARNING! DO NOT** touch the top of the heater when in use as it becomes hot.
  - WARNING!** Use only on a smooth level surface. Failure to do so will cause premature wear to the lamps and reduce their working life.
- 5.4. The heater has a tilt safety mechanism that switches off the unit if it is tilted too far in any direction.

## 6. MAINTENANCE

- WARNING!** Before attempting any maintenance ensure the unit is unplugged from the mains power supply, it is cool and on level ground.
  - \* **DO NOT** touch the element glass, even when cold.
  - \* **DO NOT** use the heater with out the grilles fitted.
- 6.1. To clean the reflector, remove the front grill by unscrewing the retaining screws and wipe the reflector with a clean dry cloth.
    - \* **DO NOT** use abrasives or solvents. The surface of the reflector is very soft and scratches may cause it to overheat. Replace the grille.
  - 6.2. To change the element remove the front grille by unscrewing the retaining screws.
    - 6.2.1. Ease the sprung sockets on the ends of the element back and pull the element forward so that it clears the socket, remove element.
      - WARNING!** Never touch element glass directly with fingers, only touch the ceramic ends or use a soft cloth, to prevent damage.
    - 6.2.2. Carefully insert the replacement lamp and clip into place.
    - 6.2.3. Check the element is properly locate, then replace front grill.

### Environmental Protection

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment.

### WEEE Regulations

Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE). When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

**NOTE:** It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.

**IMPORTANT:** No liability is accepted for incorrect use of this product.

**WARRANTY:** Guarantee is 12 months from purchase date, proof of which will be required for any claim.
