

Thank you for purchasing a Sealey product. Manufactured to a high standard this product will, if used according to these instructions and properly maintained, give you years of trouble free performance.

**IMPORTANT: PLEASE READ THESE INSTRUCTIONS CAREFULLY. NOTE THE SAFE OPERATIONAL REQUIREMENTS, WARNINGS & CAUTIONS. USE THE PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. PLEASE KEEP INSTRUCTIONS SAFE FOR FUTURE USE.**

## 1. SAFETY

### 1.1. GENERAL

- WARNING!** Disconnect lamp from mains power before performing any maintenance.
- DO NOT** shine lamp directly into your, other person's or animal's eyes.
- DO NOT** allow children to use the lamp.
- ✓ Maintain the lamp in good condition.
- DO NOT** use the lamp if the lamp is damaged.
- ✓ When not in use store the light in a safe, dry, childproof location.
- WARNING!** Ensure Health and Safety, local authority and general workshop practice regulations are adhered to when using this light.
- ✓ Wear eye protection. A full range of safety equipment is available from your Sealey dealer.
- ✓ Wear suitable clothing to avoid snagging.
- DO NOT** wear jewellery and tie back long hair.
- ✓ Account for all tools being used and **DO NOT** leave them in or near the engine.

### 1.2. ELECTRICAL SAFETY FOR USE OF TRANSFORMER. USE ONLY THE SUPPLIED TRANSFORMER PLUG FOR CONNECTING LAMP TO THE POWER SUPPLY.

- WARNING!** It is the user's responsibility to read, understand and comply with the following electrical instructions: You must ensure the risk of electric shock is minimised by the installation of appropriate safety devices. An RCCB (Residual Current Circuit Breaker) should be incorporated in the main distribution board. We also recommend that an RCD (Residual Current Device) is used with all electrical products, particularly portable equipment which is plugged into an electrical supply not protected by an RCCB. **You must** also read and understand the following instructions concerning electrical safety.

- 1.2.1. **The Electricity At Work Act 1989** requires all portable electrical appliances, if used on business premises, to be tested by a qualified electrician, using a Portable Appliance Tester (PAT), at least once a year.

1.2.2. **The Health & Safety at Work Act 1974** makes owners of electrical appliances responsible for the safe condition of the appliance and the safety of the appliance operator. **If in any doubt about electrical safety, contact a qualified electrician.**

### 1.2.3. You must ensure that you:

- ✓ Inspect the transformer plug, cable and connector for wear and damage to ensure items are safe before connecting to the mains power supply. If worn or damaged **DO NOT** use.
- ✓ Important: Check that the voltage marked on the transformer plug is the same as the power supply to be used.
- ✓ Uncoil the cable between transformer plug and lamp.
- DO NOT** pull the transformer plug from the mains socket by the lead.
- DO NOT** use any other type of transformer with this product.
- DO NOT** try to take the transformer plug apart.
- DO NOT** use the transformer plug to power any other electrical item.
- DO NOT** get the transformer plug wet, or use in wet, damp conditions (for indoor use only).
- WARNING! NEVER** substitute a standard 13amp 3 pin plug, or any other type of plug, for the transformer plug.

This transformer plug reduces and rectifies the mains voltage (230 volts AC) to **12 volts DC**.

**WARNING:** The warnings, cautions and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood that common sense and caution are factors which must be applied by the operator.

## 2. INTRODUCTION

Robust design with built-in spring loaded telescopic mounting brackets. Soft padded hooks provide good protection against bonnet. 36 SMD LEDs give complete engine bay illumination. Supplied with 5mtr cable and transformer plug, reducing down to 12V for added safety. Foldable design for easy storage when not in use.

**Model No:** ..... LED038  
**Voltage:** ..... 230V  
**Power:** ..... 12W  
**Minimum/ Maximum Bonnet Width:** ..... 1230/1940mm  
**Lamp Type:** ..... 36 x 3528 SMD

## 3. OPERATION INSTRUCTIONS

### 3.1. ATTACHING LAMP TO BONNET.

- 3.1.1. Fold the lamp out straight and tighten the thumbwheel. Place the padded hook at the end off the lamp, over one edge of the bonnet, and gently pull the lamp towards the other side of the bonnet.
- 3.1.2. Steady the lamp with one hand, whilst extending the hook over the other side of the bonnet.
- 3.1.3. To use the lamp, plug the transformer plug into the mains socket to turn the light on.
- 3.1.4. When finished, disconnect the transformer plug from the mains supply, fold the lamp and store it in a safe, dry and childproof location.

## 4. MAINTENANCE

- 4.1. Keep lamp clean and check for damage before every use. If damage is observed remove from use until unit is repaired.

### Environmental Protection.

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycle centre and disposed of in a manner which is compatible with the environment.

### WEEE Regulations.

Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment. When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

**NOTE:** It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.

**IMPORTANT:** No liability is accepted for incorrect use of this product.

**WARRANTY:** Guarantee is 12 months from purchase date, proof of which will be required for any claim.

**INFORMATION:** For a copy of our latest catalogue and promotions call us on 01284 757525 and leave your full name and address, including postcode.
