

VS200/A

LONG REACH ADAPTOR.

For Petrol Engine Compression Testing For Deep-Seated Spark Plug Holes

PART

VS200/A

1. INTRODUCTION & APPLICATION

INTRODUCTION

VS200/A Long Reach Adaptor is for the increasing number of 16 valve and V6 petrol engines with deep-seated spark plug holes - difficult to access for compression test connection.

The ridged construction of VS200A avoids cross-threading and provides a 'positive feel' when making the connection down the long access to the spark plug hole. It is universal and can be used with all makes of petrol engine compression tester.

APPLICATION

Applications include Ford Zetec and Vauxhall/Opel EcoTec and V6 engines.

Provides Long 14mm Thread connection.

* Used in conjunction with VS200 and VS201 Petrol Engine Compression Test Kit.
